PU dropout ARRESTED for 2 murders, 7 thefts

Mysuru, Feb.25 (RK&BCT)- The Mysuru South Rural Police have arrested a 36-year-old man on charges of murdering two women and attempting to murder another two women. He is also accused of stealing *hundis* and valuables of seven temples. His *modus operandi* is to befriend lonely women, take them to a secluded place, hit them with iron rod and rob them of their gold jewellery.

The accused has been identified as Nagendra, son of Mahadevanayaka of Thumbunerale village in Nanjangud. Mahadevanayaka is the former Member of GP and Nagendra is a PU Science dropout from Maharaja's College in Mysuru.

Incidents of two elderly women being murdered and murder attempts on other two women since the last one year proved a big headache for the South Police. They formed a special team and were able to nab Nagendra three days back. He has been produced before the Court and as his judicial custody ends tomorrow, the

Police will seek his Police custody for further interrogation.

In February last year, Nagendra had murdered 50-year-old Anantha Lakshmi of Gommatagiri near Bilikere. She was befriended by Nagendra and one day when she was returning from a temple after performing pujas, he led her to a secluded place and hit her head with an iron rod. Confirming that she was dead, Nagendra removed her 40-gram gold chain and fled the spot.

Nagendra did not stop at that. In April last year, he attacked Parvathamma of Savarahalli village near Bilikere. She was waiting near a shop to purchase a gas cylinder when Nagendra approached her and conversed in a friendly manner. With an alibi of helping her, Nagendra took her to a secluded spot and used an iron rod to hit her. He then stole her 35-gram gold chain.

However, Parvathamma did not die and later screamed for help. She was rushed to a hospital and she gave Nagendra's description to the Police that helped them arrest him.

After robbing Parvathamma, Nagendra, in June last year, attacked Philomena Mary from Maradoor village in Hunsur taluk near Bilikere. She owned a Nandini Milk Parlour and Nagendra used to buy milk products from there. After gaining the confidence of Mary, Nagendra attacked her using the same *modus operandi* and stole her 40-gram gold chain. Mary died after the brutal assault.

Days after attacking Mary, Nagendra targeted Nanjamma of Hosa Hundi village. He befriended her while she was walking on the road, dragged her into a bush where he assaulted her. He fled with her 55-gram gold chain. Fortunately, Nanjamma survived.

EDITOR'S BOTTOMLINE

The debate over whether India creates 7 million new formal jobs every year should not be a debate at all. Instead, it is now acquiring a Goebbelsian hue of repeating it a thousand times until it is perceived as the truth. At 7 million new formal jobs a year , India would, by far, be the world's largest formal job creator. China, with five times larger GDP, a manufacturing powerhouse of the world and a 1.5 times larger labour force creates roughly 13-15 million total jobs of which 4-6 million are formal jobs a year. Given that almost every other economic report, data point and empirical evidence point to a slowdown in the economy over the last two years, it is a laughable claim that India has surpassed China in its annual run rate of new formal jobs in exactly these two years. Even if one were to accept the claim made by the authors, 7 million new jobs every year is more jobs than the number of skilled people entering the labour force every year, according to their own estimates. So, if there are multiple job offers for every new skilled worker in the country, it should reflect in real wage growth. The Economic Survey tells us that nearly 90 percent of all active employees in the EPFO data set earn LESS than Rs.15,000 a month. Let us think about that. Minimum NREGA wages for unskilled workers is around Rs.6,000 in India. If approximately 90 percent of all formal sector employees still earn less than Rs.15,000 a month, it is surely not a sign of an economy that is spewing new jobs left, right and centre, is it?

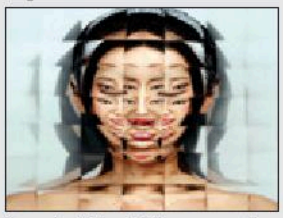
Living breathing optical Illusion



Seoul: At just 24 years of age, Dain Yoon is already a master of optical illusions. Using only makeup, face paint and brushes, she uses her own face and body as canvas for mind-bending visual effects. Yoon's talent for painting was obvious from a very young age, and she joined prestigious art schools in South Korea. But she decided to focus on 'illusion art,' a modern art form that has proven very popular thanks to social sites.

When she started posting photos of her mesmerizing illusions on social site, three years ago, Dain Yoon pretty much blew everyone's minds through her complex visual effects like blurred vision or distorted features by using only makeup and face paint was incredibly impressive. As you can imagine, this level of realism takes a lot of work. She spend between 3 and 12 hours turning herself into a living, breathing optical illusion.

She wakes up speaking in different accents

Arizona: 45-year-old Michelle Myers, from Phoenix, Arizona, suffers from Foreign Accent Syndrome, a very rare condition that causes her to speak in various foreign accents – British, Australian, Irish – despite having never travelled outside of the United States. Myers was diagnosed with the unusual condition in 2015, after going to bed with a pounding headache, she woke up unable to speak and with the left part of her body completely numb. She was taken to Hospital, where doctors said it was associated with strokes or brain injuries. However, their diagnosis was turned on its head when the woman finally started speaking again. Michelle Myers sounded like she was from the United Kingdom. Her deep British accent surprised doctors, they called a psychiatrist to put her through a series of tests. She was diagnosed with 'Foreign Accent Syndrome,' an extremely rare condition, with only 60 cases reported since 1907. She claims the condition was really hard for her to deal with, especially in the beginning. But she's learned to live with it and she may sound like a British woman forever, so she's now focusing on spreading awareness about her bizarre syndrome.

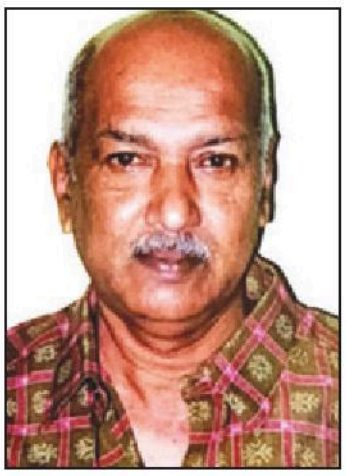
Tribute to Prof. B. Mahananda

Sir,

Monday, the 5th of February, 2018 turned out to be a day of grief, of pathos and one of anguish. When Prof. B. Mahananda (71) breathed his last, it was curtains down for a long-lasting cherishing friendship of nearly six decades starting from K.R. Nagar Government Middle School up to his demise.

My friend Mahananda, fondly known as Bapu, was afflicted by kidney failure in his last days but the way he withstood the pain and agony was a singular instance of forbearance. His equanimity showed itself when I made a phone call to him on my return from overseas. He weakly said, "This is all I am left with (feeble voice) and cannot speak more words. Friends are requested not to call on me."

I realised with sadness that it was a sure sign of failing health



Prof. Mahananda

and of a broken spirit but one that maintained its poise and dignity while slipping into that ethereal realm.

Mahananda had done his 'kayaka' well as a teacher and Placement Officer at Sri Jayachamarajendra College of Engineering (SJCE), had embraced the cause of helping the poor, the needy and the meritorious. The Institution had recognised his contribution and effort to uplift the sanctity of the office he held. Bapu had also worked for a Kannada daily newspaper and later on at *The New Indian Express* and excelled in journalistic flair.

Mahananda was generous to a fault and his grin was infectious. I recollect fondly the many times we met at the Gangothri Canteen where we savoured some delicious dishes and he always came forward to foot the bill. Many a book my friends and I have read were bought by him.

With the sad demise of an academician and a good Samaritan, the city has lost an upright, courteous and magnanimous gentleman. RIP dear friend.

Attitude of a teacher matters the most

Sir,

On the 5th of February 2018, Prof. B. Mahananda, former Deputy Director of Placement and Training in SJCE, breathed his last. He was a good friend of mine of whom I had seen very intimately the way he worked as the Deputy Director of Placements. He and I joined the College as lecturers more or less at the same time; he as a lecturer in English and I as a lecturer in Mathematics. Unfortunately, the English language lost its importance as a subject in the curriculum.

He was entrusted with the responsibility of Placement and Training of fresh graduates from the College. Without any prior experience, using his common sense he evolved his own model and established a good rapport with employment sector.

Recently, the 1993 batch graduates (not all, about 200) of SJCE across the globe met in Mysuru and they have formed a *WhatsApp* Group of which I am a member as a teacher. I posted the news of sad demise of Prof. Mahananda in the group. Following are some responses:

Sorry to hear this news. I knew Mahananda Sir. Very nice person and when I couldn't secure placement, he was super encouraging and made us feel good. Our condolences.

—Sudhakar Prabhu from USA

Very sorry to hear this unfortunate news. He was responsible for placement for many of us as we started our careers. We owe where we are today to the good start he helped us to get. RIP Mahananda Sir.

—Jagannatha Kamat

Shocked and very sorry to hear. My heartfelt condolences. My prayers and thanks for the guidance and support given with the campus placements that I am grateful for.

—Srihari Madhava Rao

How grateful to him the graduates are even after 25 years after 1993! What a fruitful life Mahananda led!

There are plenty of graduates belonging to different batches. He used to arrange training sessions like group discussions, classes in communication skills and many such by inviting experts. It had become a mission for him and he had discovered a purpose in life. He had established very good rapport with the corporate world. I was an eyewitness for all his efforts.

He was democratic, secular, kind, positive, selfless, loved the students and ran an extra mile to help students, particularly poor and down-trodden. He has given financial help to many. The irony was he did not teach a subject but he was one among the most respected teachers for the students.

May his soul rest in peace.

86-year-old Deve Gowda climbs over 700 steps of Vindhyagiri Hill

Shravanabelagola,Feb. 25- Former Prime Minister and JD(S) Supremo H.D. Deve Gowda along with his wife Chennamma and other family members visited Lord Bahubali shrine at Shravanabelagola and took part in the eighth day of Veneration Ceremony on Saturday.

Even at the age of 86 years, it was not a tough task for former PM Deve Gowda to climb up nearly 700 steps of Vindhyagiri Hill to have the darshan of Lord Bahubali.

Ahead of the former PM's visit to the Jain Shrine, local MLA C.N. Balakrishna had reserved *dolis* to take the JD(S) Supremo atop the Vindhyagiri Hill to participate in the ongoing Mahamastakabhisheka celebration. But the 86-year-old leader said that he did like to try climbing a few steps and kept going to the top. He took a break thrice on the route.

The first two times were for a few minutes. After climbing 500 steps, he took rest for about 10 minutes and climbed the remaining 200 steps at one go.

On his way, the JD(S) Supremo met green crusader Saalumarada Thimmakka who was on a *doli* and enquired her about her health.

Green crusader Salumarada Thimmakka** (in Doli) **is seen greeting JD(S) Supremo Deve Gowda while climbing the Vindhyagiri Hill.

On reacting the top, doctors conducted a check up on Deve Gowda. Later, Gowda also climbed the scaffolding along with his family members where he was received by the Chief pontiff of Shravanabelagola Shrine, Charukeerthi Bhattaraka Swamiji. Gowda anointed the statue of Lord Bahubali with water and milk and showered flower petals on it. On the return journey too, the JD(S) Supremo refused a *doli* and climbed down the hill.

On day 8 of Mahamastabhisheka, Deve Gowda created a record of sorts - he is the only former Prime Minister who has climbed to the top twice and been part of the event for the sixth time. On day 1 of the Mahamastabhisheka on Feb. 17, CM Siddharamaiah too had climbed the Hill barefoot and performed *abhisheka*.

Mahamastakabhisheka ends today; anointing will continue till August

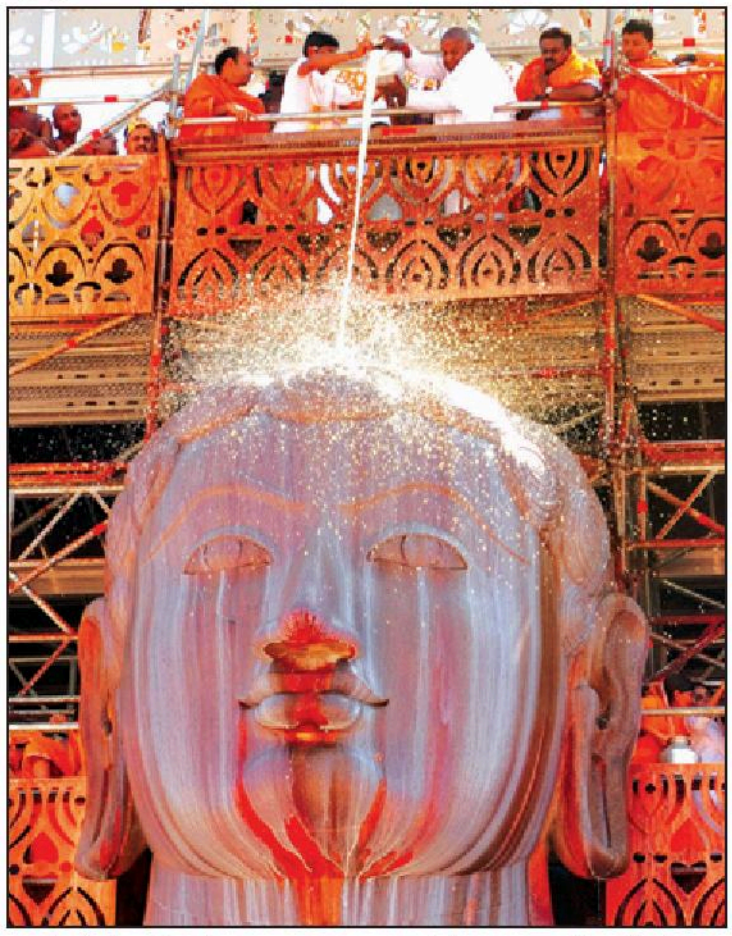
Shravanabelagola, Feb. 25- Today is the last day of the 88th Mahamastakabhisheka of Lord Bahubali at the Jain pilgrimage centre of Shravanabelagola. Anointing of statue will be conducted on Sundays for the next six months.

The Shravanabelagola Mutt may hold an additional anointing ceremony on Feb. 26 (tomorrow), to facilitate volunteers who have been working in Shravanabelagola for over a month. Hundreds of cadets from Scouts and Guides and members of several Jain volunteer organisations have been camping and helping the proceedings.

The Jain Mutt has announced that once the main anointing ceremony is completed on Feb.25, similar rituals will be held for the next six months but only on Sundays.

As only 5,000 people can witness the anointing atop Vindhyagiri Hill, it is not possible to accommodate more number of visitors.

Hence the Mutt has said that anointing ceremonies will be conducted on Sundays between March and August. Several Jain Organisations across the State and country have approached the Jain Mutt to book rituals that are conducted on Sundays.



"As many people don't get chance to do anointing in the first eight days of rituals, the anointing ceremonies will be organised on Sundays.

Jain communities will gather to conduct the anointing. A certain amount of money, which will be used to procure the ritual materials, including milk and other items, will be fixed.

Dharmasthala Heggade family will have exclusive anointing rights in March. Hubballi Jain community will anoint the statue in May," said a senior trustee from the Mutt.

Once the final anointing is over, the Archaeological Survey of India (ASI) team will take up chemical washing of the monolith

WHERE DOES THE FLUIDS GO?: Where does thousands of litres of water, milk, sugarcane juice, tender coconut water and other liquids that are poured on the Gommateshwara Statue go?

"There is a crevice in front of the statue, and liquids flow through it. But nobody knows where the outlet is," K. Moortheswari, Superintending Archaeologist of Bengaluru Circle said.

"It is difficult to find the outlet. We will form a team of engineers and Archaeological experts to trace the path taken by the water, once the Mahamastakabhisheka is over," the Officer said.

According to one story attached to this centre of pilgrimage, liquids, especially milk, poured on the statue collects in a pond located right at the bottom of Vindhyagiri. In fact, it is called *bili-kola* (white pond) for this reason. The name of the place — Belagola — is a variant of this word.

However, right now, there is no clear path to show that liquids flow from the hill to the pond and it does not turn white during the '*abhisheka*' ceremony.

2019 Lok Sabha Polls: Pramoda Devi Wadiyar to contest on BJP ticket?

Pramoda Devi

Bengaluru, Feb.25- Although the Lok Sabha polls is more than a year away, speculations are gaining ground whether the Royal family member Pramoda Devi Wadiyar will join politics.

Taking a cue from the speculations, the BJP is said to have started attempts to lure Pramoda Devi into the party fold and field her as the party candidate from Mysuru-Kodagu constituency in the 2019 Lok Sabha polls.

But Pramoda Devi herself has not shown any interest on entering politics right now. This is not the first time that the BJP has made such an attempt. The party had planned to field her from Mysuru-Kodagu Lok Sabha seat in the 2014 polls itself, as the party had no strong candidate then.

The then State BJP Chief Prahlad Joshi and some other State leaders had made a few attempts to convince Pramoda Devi to contest. But Pramoda Devi did not show any interest in politics then, as she was in grief over the demise of her husband Srikantadatta Narasimharaja Wadiyar in Dec. 2013.

But the BJP leaders who are hoping that Pramoda Devi will take a call on entering politics this time, have renewed their efforts to bring her into the party fold.

The BJP leaders believe that the BJP is the best choice for her, as she has tactical differences with Chief Minister Siddharamaiah who heads the Congress Government and the JD(S) has little significance at the National level.

Reacting to reports in a section of the press on speculations of her joining politics, Pramoda Devi, when contacted by *SOM*, categorically said that her stand on not entering politics remains unchanged as politics is not her cup of tea. She further said that many political parties including the BJP had approached her in the past. She had always maintained that she doesn't want to be a part of any political party, she added.

Kumaraswamy appeals people to elect G.T. Devegowda

H.D. Kumaraswamy

Mysuru, Feb.25 (SBD&DM)- Accusing Chief Minister Siddharamaiah of arrogance, former CM and State JD(S) President H.D. Kumaraswamy has maintained that Siddharamaiah must be aware of the fact that spending huge amount of money would not bring him victory from Chamundeshwari Constituency in the forthcoming Assembly polls.

He was speaking after visiting temples at Mavinahalli in Jayapura hobli of the taluk yesterday.

Pointing out that G.T. Devegowda played a keyrole in Siddharamaiah's first Assembly poll victory from Chamundeshwari Constituency in 1983, Kumaraswamy said that the CM is only arrogant when he says that no one had helped him in the poll.

Lashing out at Siddharamaiah's five years of Governance as CM, the JD(S) leader said that Siddharamaiah cannot win the hearts of the people by spending crores of rupees.

Reiterating that the CM cannot buy the voters, Kumaraswamy asserted that no tactics of the Chief Minister would work in Chamundeshwari Constituency, as the electorate is very much aware of the CM's dubious methods to win election.

Appealing the people of Chamundeshwari Assembly segment to re-elect G.T. Devegowda in the forthcoming Assembly polls, he reminded the people of the CM's arrogance and wrong doings.

Continuing his tirade against Siddharamaiah, Kumaraswamy said that the CM had rendered injustice to Kuruba community which he (CM) belongs to. He further said that G.T. Devegowda would become the District in-Charge Minister if the JD(S) was voted to power in the upcoming Assembly polls.

MLA G.T. Devegowda, ZP Member Beerihundi Basavanna, leader Mavinahalli Siddegowda and others were present.

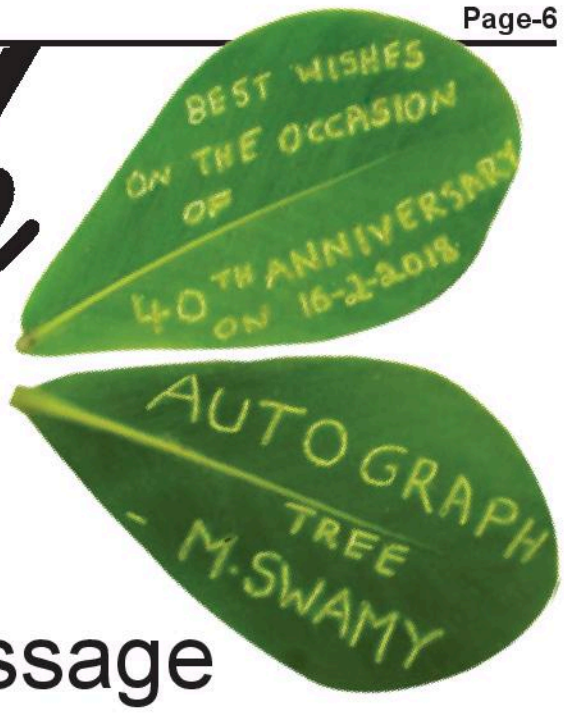
autograph tree



A wonder plant to etch your message

People often write names, messages, notes and even autograph on rocks and walls. Can these be done on plant leaves? Can such writings remain for quite some time? In general, it is not possible, as the leaves either get disfigured with scratch mark, dry up or even torn out.

But 'yes' on the leaves of 'Autograph Tree.' One can engrave or inscribe message or signature with a sharp object or an empty ball point pen refill on the leaf surface and the impressions remain as long as the leaves are appended to the tree as the large, stiff, thick dark green waxy leaves are unique with special feature. **The inscribed areas become white and more prominent the next day as if painted white!**

It is a tree with outstanding ornamental features like dense foliage and attractive fragrant flowers, also known by other names such as 'signature tree,' 'pitch apple,' 'monkey apple.' The tree gets its common name 'Autograph Tree' because of its leaves. It is native to Caribbean islands and common in tropical and sub-tropical regions of the world (Hawai, Madagascar).

The scientific name is Clusia rosea, a close relative of mongostein tree belonging to the family 'Clusiaceae.' The generic name 'Clusia' is in honour of the 16th century Netherlands Botanist Carolus Clusius. The specific name 'rosea' is in allusion to its rosy petals.

Bio-data: It is a compact, medium-sized evergreen tree with a short trunk and smooth bark with yellow sap, often reaches a height of 25 ft and above in its nativity. The tree has dense foliage and a spreading crown. The branches droop down as the tree grows. It produces aerial roots, hanging down from the trunks. The spatula-shaped simple leaves are thick, dark green, waxy, glossy, shiny and leathery. The leaves are opposite/sub-opposite in position with entire margin, 6 to 10" long. The showy flowers with off white and pink centres are produced at leaf axils or tips of the shoots. These flowers are unisexual

and slightly fragrant during night. The thick sepals, 6-8, are almost semi-circular and yellowish brown. The fleshy and glossy petals, 6-8, are often notched at the tip and obovate (like spatula) to nearly round in shape, 3-5 cm long, with a round of numerous yellow stamens arranged at the bottom. The ovary is multi-carpellary. Flowers appear during January-March. The apple-like green fruits are woody capsules, 3-4". They turn brownish or blackish when mature and split open like a wood rose from the top along 7-9 or more seams revealing the red seeds in the resinous glue.

GARDENING

The tree grows well in warm and humid areas in full shine to dapple shades, depending on the light intensity. Any type of soil is suitable (clay, loam, acidic, alkaline), dry or moist, but grows most rapidly in well-drained moist soils. The trees can be propagated by seeds, cuttings and air-layering. Air-layering is preferable over cuttings. There are a few attractive varieties like 'variegata' with striking yellow and green foliage.

USEFUL TIPS

- The trouble-free ornamental tree is suitable for home and public gardens and looks elegant when planted in the corner of a lawn.
- It can be grown in big pots and also makes a good specimen for bonsai.
- The tree is tolerant to salt, salt spray (aerosol salt) and drought and do not fall down easily during rain or wind.
- Sow the seeds as soon as possible as they do not store well. Bag the seed heads to capture the ripening seeds.
- When grown in pots it often overgrows. Carefully remove the root ball out as a whole and transfer to a larger container which can accommodate the root system.
- Train the plant to grow with a single trunk (central leader) by pruning side branches.
- The autographed leaves can be dried in the folds of a book and can be preserved.
- It attracts birds (humming birds), butterflies, insects and flies.
- Parts of the plant, especially the seeds and sap are poisonous if ingested.
- Handling plant may also cause irritation or allergic reactions. Better to wear hand gloves.
- Most importantly, it is a strangler tree* similar to strangler figs. The seeds can germinate in crotch of any tree and grow as epiphytes. As they grow, they send down aerial roots and eventually smother (strangle) the host trees to death!
- The autograph tree has the unenviable distinction of being listed in the Global Compendium of Weeds.

*** P.S:** *Clusia rosea is a hemi-epiphyte as it begins its life as an epiphyte (growing on another tree or structure) and gets itself transferred to the ground by sending the roots. Once it establishes, it overgrows and eventually chokes the host tree to death. Hence, it has earned the distinction of dangerous invasive species in several tropical countries.*

Walk the Talk with O.P. Jaisha...

Jaisha Orchatteri Puthiya Veetil, popularly known as O.P. Jaisha, who hails from Kerala, is an International Marathon Runner, Indian track and field athlete and is the current National Record Holder in the marathon event in the women's category with a timing of 2hr:34min:43secs which she achieved in 2015 World Championships in Beijing. She has also represented India in the Olympics and Asian Games. She has won bronze medals at the Asian Games in 2006 (Doha) and 2014 (Incheon). She is also a former National record holder in the 3,000 metres steeplechase.

Jaisha, speaking to *SOM,* throws some light about her life and marathon running. She said, "Being from a poor family background, I had to face a lot of hardships and struggles over the years. I started taking running seriously when I was in my 12th std. at M.G. University in Kottayam. From there, it has been a lot of struggle, dedication, practice and training. Being from Wayanad, I got to train in higher altitudes and thus running at lower altitudes at various events seemed comfortable. I was always interested in running and so I paved my career towards running."

"The run in Beijing was very motivational to me as it was my first International run and I managed to set the National Record in the women's category." The climate was good and the event started early in the morning, so the body coped up well. However, Rio Olympics was different. It was difficult as the event started at 9 am and ended at 12. The heat was immense and the temperature close to 45 degrees and the body took a beating and so did my performance," she said.

On being asked about her message to youngsters who want to take up running, she said, "Marathon running is good. Keep yourself fit and train well and smart."

Jaisha currently trains and coaches young and budding runners and hopes to give them a direction and support in achieving their dreams. **—SV**

Unpainted road humps on

Hunsur-Nagarahole Road a nightmare for motorists

Range Forest Officer blames PWD

Hanagodu, Feb.25 (Mahesh& BCT)- Unscientific road humps on the road that connects Hunsur and Nagarahole National Park is causing nightmares to hundreds of commuters who travel on the road daily.

Shockingly, these humps are not marked in white paint as an indication to the motorists to slow-down.

It takes about one-and-a-half hours to cover 45 km road to Nagarahole National Park from Hunsur. Villagers and commuters told *Star of Mysore* that there are one or two humps per kilometre. Even if one takes a count of one hump per kilometre, it will be 45 road humps on the stretch.

"None of the road humps are painted white and motorists are at their wits' end while travelling on the road as they do not know when the next hump approaches," commuters said.

Seeing these unscientific and unpainted humps, the local villagers had approached the Range Forest Officer (RFO) offering to paint the humps themselves. **"We told the RFO that we will paint the humps and he refused and said that painting the humps was the responsibility of the Forest Department and the Department would paint all of them soon. It has been a year and none of the humps are painted," villagers said. Where is the responsibility of the RFO ?**

Since the road connects Mysuru to Kodagu and Kerala, there are many people who commute on the road. **Old people, sick people and pregnant women find it tough to travel on the road, the villagers added.**

Forest Officials, however, said that the humps have been laid to protect the animals. "This road passes through thick forests and motorists tend to speed, killing or scaring the wild animals. We want to prevent this," they said and added that animals can be aggressive when they see speeding vehicles. Yes, motorists know this. But, should they lay road humps to break the backbone of the motorists? Cant's they paint it in white to caution the motorist?

Speaking to *Star of Mysore*, Veeranahosahalli Range Forest Officer (RFO) Madhusudhan and Kallahalla **RFO Shivaramu said that the responsibility of maintaining the road humps including their painting rests with PWD.** Then, why not allow villagers to paint the humps?

Her most remarkable films include *'Sadma', 'Chandni', 'Himmatwala', 'ChaalBaaz', 'Mr. India', 'Nagina', 'Mawali', 'Tohfa' and 'Gumrah'* among others. After working in *'Judaai'*, she took a 15-year break from movies only to be back to winning hearts in her second innings with *English Vinglish* in 2012. She was last seen in 2017 film *MOM. English Vinglish* confirmed her comeback as one of Bollywood's most treasured and enduring talents.

Sridevi's most memorable onscreen pairing was with her real-life brother-in-law Anil Kapoor, while her most successful films were produced by husband Boney Kapoor.

Sridevi's death has left a gaping hole in Indian cinema. The actor's last film appearance will be in Shah Rukh Khan-starrer *Zero* that will be released in December this year.

Gaura Purnima at ISKCON Mysuru on Mar.2

Sri Gaura Purnima is the auspicious Appearance Day of Sri Chaitanya Mahaprabhu (who is also known as Gauranga due to His golden complexion), and this year ISKCON is celebrating the 532nd anniversary of His Appearance on Mar.2. This festival also marks the beginning of the New Year for Gaudiya Vaishnavas.

The Supreme Lord Sri Krishna appeared as Sri Chaitanya Mahaprabhu to establish Sankirtana (chanting of the Holy Names) — the Yuga Dharma for this age of Kali. He appeared on Phalguni-Purnima, the full moon day in the month of Phalguna (Feb-March) in the year 1486 AD (1407 Shakabda) at Sridham Mayapura as the son of Sri Jagannath Mishra and Srimati Sachidevi. His parents named him Nimai since he was born under a nimba (neem) tree in the courtyard of His paternal house. His Appearance Day is celebrated as Gaura Purnima.

Celebrations at ISKCON Mysuru

The celebration begins in the evening with a pallakki utsava of Sri Nitai Gauranga (Lord Chaitanya Mahaprabhu and Lord Nityananda). The utsava deities are taken out in a procession in a pallakki bedecked with flowers. Devotees perform mahasankirtana to please the Supreme Lord. As everyone joins in the sankirtana, the *Hare Krishna* maha mantra resounds in every corner of the temple.

After the procession, the Deities of Nitai Gauranga receive a grand abhisheka. Their Lordships are first bathed with panchamrita and then with panchagavya followed by various fruit juices. Devotees chant prayers from the Brahma-samhita, glorifying the Lord. A grand arati is performed to the accompaniment of the Gaura Arati song composed by Srila Bhaktivinoda Thakura. After the arati, the Deities are bathed with sanctified water from 108 kalashas while the devotees chant the Purusha Sukta prayers. Their Lordships then receive pushpavrishti (showering of flowers) and a special offering of 56 dishes (chappanbhog).

Next follows a drama depicting the glorious pastimes of Lord Chaitanya Mahaprabhu with the Odisa King Prataparudra, enacted by the ISKCON Mysuru youth ensemble.

The programme concludes with a shayanaarati when all the assembled devotees glorify Sri Chaitanya Mahaprabhu by singing Sri Sachitanaya Ashtakam that describes His transcendental form, qualities and activities.

On this day, devotees fast till moonrise and break their fast by taking anukalpa feast (made from non-grains). On the following day, they offer a special feast to the Lord which is called Jagannath Mishra Feast, named after Sri Chaitanya Mahaprabhu's father, who arranged a grand feast to celebrate the birth of his son.

Sri Chaitanya Mahaprabhu is none other than Supreme Lord Sri Krishna, who appeared in this Kali-yuga to inaugurate the yuga dharma for this age — Sankirtana, the congregational chanting of the Holy Names of the Lord.

His Appearance

Sri Chaitanya Mahaprabhu appeared at Sridhama Mayapura, in the city of Navadvipa in Bengal, on the Phalguni Purnima evening in the year 1486 AD. His father, Sri Jagannatha Mishra, a learned brahmana from the district of Sylhet, came to Navadvipa as a student. He lived on the banks of the Ganges with his wife Srimati Sachidevi, the daughter of Srila Nilambara Chakravarty, a great learned scholar of Navadvipa. Their youngest son, who was named Vishvambhara, later became known as Nimai Pandita and then, after accepting the renounced order of life, Sri Chaitanya Mahaprabhu.

His Teachings

Sri Chaitanya Mahaprabhu preached the Srimad-Bhagavatam and propagated the teachings of the Bhagavad Gita in the most practical way.

The essence of His teachings is recorded in *Chaitanya Manjusha* as follows:

• Lord Sri Krishna, who appeared as the son of the King of Vraja (Nanda Maharaja), is the Supreme Personality of Godhead and is worshipable by all.

• Vrindavana-dhama is non-different from the Lord and hence is as worshipable as the Lord.

• The highest form of transcendental worship of the Lord was exhibited by the damsels of Vrajabhumi.

• Srimad-Bhagavata Purana is the spotless literature for understanding the Lord.

• The ultimate goal of human life is to attain the stage of prema, or love of God.

His instructions to Srila Rupa Gosvami and Srila Sanatana Gosvami, His discussions with Ramananda Raya, the debate with the Mayavadisannyasi Prakashananda Sarasvati and the Vedanta Sutra, the discussion between Him and Sarvabhauma Bhattacharya are excellent sources through which we understand His teachings in detail.

The Lord left only eight slokas of His instructions in writing, and they are known as the Siksastaka. All other literatures based on His teachings were extensively written by the Lord's principal followers, the six Gosvamis of Vrindavana, and their followers.

His Mission — The Universal Religion

His mission was to preach the importance of chanting the holy names of the Lord in this age of Kali (quarrel). In this present age quarrels take place even over trifles, and therefore the shastras have recommended for this age a common platform for realisation, namely chanting the holy names of the Lord. People can hold meetings to glorify the Lord in their respective languages and with melodious songs, and if such performances are executed in an offenseless manner, it is certain that the participants will gradually attain spiritual perfection without having to undergo more rigorous methods.

At such meetings everyone, the learned and the foolish, the rich and the poor, the Hindus and the Muslims, the Englishmen and the Indians, and the chandalas and the brahmanas, can all hear the transcendental sounds and thus cleanse the dust of material association from the mirror of the heart. To confirm the Lord's mission, all the people of the world will accept the holy name of the Lord as the common platform for the universal religion of mankind.

Aruna Budda Reddy creates history

Wins bronze at Gymnastics World Cup

Melbourne, Feb.25- Aruna Budda Reddy created history yesterday by becoming the first Indian gymnast to clinch an individual medal at the Gymnastics World Cup in Melbourne. Reddy scored 13.649 to win a bronze medal in the women's vault.

Aruna Reddy finished behind gold medallist Tjasa Kysslef of Slovania and Australia's Emily Whitehead, who bagged silver. Meanwhile, Pranati Nayak, who was the other Indian competing at the Tournament, finished sixth with a score of 13.416.

Reddy won her first national medal in 2005 that encouraged her to take up the sport. Her journey began with Commonwealth Games participation in 2014 where she finished at the 14th spot at the qualification round of the Vault apparatus. She bettered her performance to finish at the sixth position at the Asian Championships in 2017.

The 22-year-old gymnast will also be a part of India's contingent at the Commonwealth Games this year in Australia. It was Ashish Kumar back in 2010 who made a mark for Indian gymnastics by clinching the country's first-ever gymnastics medal — a bronze — at the Commonwealth Games. Since then, the only gymnast to represent India has been Dipa Karmakar at the 2016 Rio Olympics, where she narrowly missed out on a bronze medal.

India beat South Africa by 7 runs in the third and final T20I at Newlands, Cape Town to clinch the three-match series 2-1. Bhuvneshwar Kumar kept his nerve as he gave away only 11 off the last over when South Africa needed 19 to win.

Christiaan Jonker played a brilliant cameo at the end to keep South Africa in the hunt after the Proteas failed to keep up with the asking rate throughout the innings.

The South African skipper J.P. Duminy played a lone hand of 55 before getting dismissed that many thought was the final nail in the coffin for the Proteas before Jonker took matters in his own hands and gave South Africa a glimmer of hope in the later stages of the match. At the end South Africa could manage 165 for 6, chasing a target of 173.

CM to unveil Sri Ramakrishna Paramahamsa statue on Mar. 5

Mysuru, Feb.25 (RK&NNN)- Chief Minister Siddharamaiah will unveil the white Marble statue of Sri Ramakrishna Paramahamsa, the first in the country, installed at the circle in Ramakrishnanagar on Mar.5 in the evening.

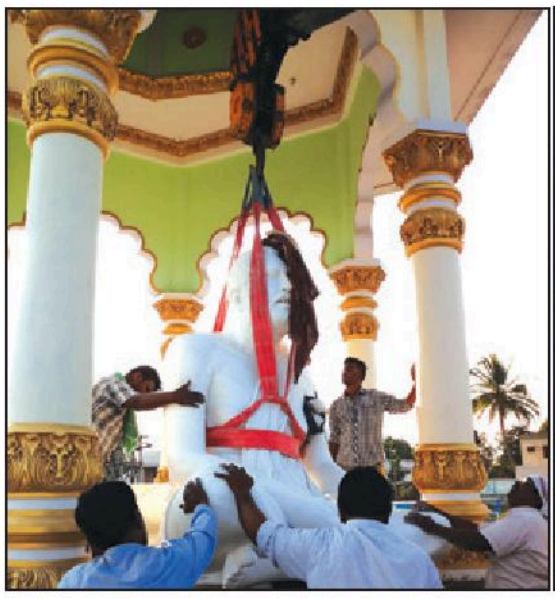
Siddharamaiah

The life-size statue of the mystic from Calcutta was sculpted by well-known Mysuru's sculptor Arun Yogiraj at a cost of Rs. 45 lakh.

The white marble weighing 45 tons was imported from Jaipur and the weight came down to 12.5 tons after the work on the statue was completed.

Arun worked on the white marble stone kept near Lobos in Saraswathipuram.

The pedestal is two feet in height and the statue of Ramakrishna in a meditative pose is eight feet high. Mysuru, the cultural and heritage city has the distinction of being the first place in the country to install the statue of the Paramahamsa.



The life-size white marble statue is being placed inside the mantap at Ramakrishnanagar Circle. Picture right shows the installed statue that is ready to unveiling.

Earlier, the Ramakrishnanagar Circle was given a facelift on the lines of K.R. Circle, with even the domes resembling the one at the circle in the city, by spending Rs.3.72 crore. However, it may be recalled that the public had expressed their displeasure as the circle was looking bare with no statue installed.

In the light of this, the Mysuru Urban Development Authority (MUDA) decided to install the statue of Sri Ramakrishna Paramahamsa, the revered mystic and guru to Swami Vivekananda.

But even after the completion of the work on the statue and it being installed at the circle, it was not unveiled. It was lying covered in white cloth for months.

Finally the MUDA Under Secretary Nagaraj has given approval (Govt. Order No: NAE 338, MyPRA 2017 dated 23-02-2018) to unveil the statute. MUDA Assistant Executive Engineer T.K. Ravi and Assistant Engineer Balachander have played a major role in developing the circle so beautifully.

MUDA current Chairman D. Dhruvakumar, former Chairman K.R. Mohan Kumar, MUDA current Commissioner P.S. Kantharaju, former Commissioners P.C. Jayanna, Dr. C.G. Betsurmath, and S.Palaiah have all with their far-sightedness, responsible for one of the eye-catching circles in city. Corporator M.K. Shankar, MUDA Superintending Engineer (SE) Suresh Babu, former SEs Mahesh, Shivakumar and Executive Engineer Prabhakar have all been instrumental in the development of the circle.

Half exhumed body creates panic in Nanjangud

Nanjangud, Feb. 25 (KS)- Panic created among the residents on Nanjangud on Saturday, when they saw the half exhumed body of a person who was buried the previous night.

It is reported that Srikanta prasad (53), a resident of 13th Cross on R.P. Road in Nanjangud, passed away on Thursday following heart attack and the body was buried on Friday evening at the burial grounds in Nanjangud, after the family members of Srikantaprasad performed the last rites.

But, on Saturday morning, it was noticed that someone had tried to exhume the body as a hand and the head of the deceased was protruding from the mud.

While some said that someone who wanted to take the thumb impression of the deceased may have done such a thing, some others said that enough mud was not covered on the body during burial and some animals may have pulled the hand and head out.

A few others have also suspected that to be the handiwork of some miscreants who may have tried to exhume the body to loot gold ornaments.

It is learnt that a few gold ornaments were placed on the body as a ritual before the burial and miscreants who had thought that the body was buried along with gold ornaments may have tried to exhume the body.

Sources said that when the family members of Srikantaprasad, who came to know about the hand and the head were protruding, rushed to the burial ground and covered the grave with more mud, thus drawing a curtain to the episode.

However, Nanjangud Police inspected the spot.

WORD OF THE DAY

Demarcate

Pronunciation: dih-MAHR-kayt [verb]

Meaning: To fix or define the limits of or to set apart.

Origin: Demarcate is set apart by its unique history. Scholars think it may have descended from the Italian verb marcare ("to mark"), which is itself of Germanic origin (the Old High German word for boundary, marha, is a relative). Marcare is the probable source of the Spanish marcar (also "to mark"), from which comes the Spanish demarcar ("to fix the boundary of"). In 1494, a Spanish noun, demarcación, was used to name the meridian dividing New World territory between Spain and Portugal. Later (about 1730), English speakers began calling this boundary the "line of demarcation," and eventually we began applying that phrase to other dividing lines as well. Demarcation, in turn, gave rise to demarcate in the early 19th century.

THE ODD WORD

Luddite

Someone who is opposed or resistant to new technologies or technological change.

IDIOM OF THE DAY

Don't look a gift horse in the mouth

Meaning: When receiving a gift from someone, do not be ungrateful.

Origin: The origin of this idiom is unknown. If one had to guess, it would seem that at some point in time, there were people who were looking into the mouth of gift horses. Why, though, would a person want to do that? To get a closer look at their teeth; a horse's age can be determined by inspecting them, although it might take a specialist to do so. Basically, the longer the teeth, the older the horse. Anyways, by examining the teeth of the horse after receiving it as a gift, this sort of behaviour was likely seen as impolite by the giver. Eventually, the saying would form based on the rude conduct people were displaying, and it would later go on to be applied to anyone who acted ungrateful after being given a gift. However, once again, this is just a guess as to how this expression came to exist. This proverb goes back to at least the 16th century.

ಷೇರು ಮಾರುಕಟ್ಟೆ ಶ್ರೀಮಂತರಿಗೆ ಮಾತ್ರ ಸೀಮಿತವಲ್ಲ!!

ಡಾ॥ ಭರತ್ ಚಂದ್ರ, ಹೂಡಿಕೆ ತಜ್ಞರು

ಷೇರಿನಲ್ಲಿ ಮತ್ತು ಮ್ಯೂಚುವಲ್ ಫಂಡ್‌ನಲ್ಲಿ ಹೂಡಲು ಕನಿಷ್ಠ ಎಷ್ಟು ಹಣ ಬೇಕು?

ನಮ್ಮಲ್ಲಿ ಹೂಡಲು ತುಂಬಾ ಹಣ ಇಲ್ಲ ಎನ್ನುವುದು ಎಲ್ಲರ ಕೊರಗು. SIP ಯಂತೆ ಮಾಸಿಕವಾಗಿ ಹೂಡಲು ದೀರ್ಘ ಕಾಲದ ಹೂಡಿಕೆಗೆ ಕೇವಲ ಒಂದರಿಂದ ಐದು ಸಾವಿರವೂ ಒಂದು ದೊಡ್ಡ ಮೊತ್ತವೇ ಸರಿ. ಮಾಸಿಕವಾಗಿ ಹಣವನ್ನು ಸಂಹಾದನೆ ಮಾಡಬೇಕು ಎನ್ನುವವರಿಗೆ ಒಂದು ಲಕ್ಷವೂ ಸಾಕು. ಅನುಕೂಲತೆ ಇದ್ದಂತೆ, ಹಾಸಿಗೆ ಇದ್ದಷ್ಟು ಕಾಲು ಚಾಚಬಹುದು.

ಷೇರಿನಲ್ಲಿ ಹಣ ಸಂಪಾದಿಸಬೇಕಾದರೆ ಎರಡು ವಿಧ. ದೀರ್ಘ ಮತ್ತು ಅಲ್ಪಕಾಲಿಕ ಹೂಡಿಕೆ.

ದೀರ್ಘಕಾಲಿಕ ಹೂಡಿಕೆ ಮತ್ತು ಬರುವ ಲಾಭದ ಉದಾಹರಣೆಗಳು: 1993ರಲ್ಲಿ ರೂ 9,500ನ್ನು ಇನ್ಫೋಸಿಸ್‌ನಲ್ಲಿ ಹೂಡಿ ಇಂದು ಮಾರಿಕೊಂಡರೆ ಮಾಡುವ ಹಣ ರೂ. 5.92 ಕೋಟಿ. ಅಂತೆಯೇ 1980ರಲ್ಲಿ ರೂ.10,000ವನ್ನು ವಿಪ್ರೋದಲ್ಲಿ ಹೂಡಿದ್ದರೆ ಇಂದು ಬರುವ ಹಣ 566 ಕೋಟಿ.

ಮಾಸಿಕವಾಗಿ ಷೇರುಗಳಲ್ಲಿ ಲಾಭವನ್ನು ಗಳಿಸಬಹುದೇ?

Technical Analysis ನನ್ನು ಆಧರಿಸಿ ಸಾಗರದ ಅಲೆಗಳಂತೆ ಏರಿಳಿತಗಳನ್ನು ಕಾಣುತ್ತಿರುವ ಷೇರಿನಲ್ಲಿ, ಮೇಲಕ್ಕೆ ಹೋಗುತ್ತಿದ್ದಂತೆ ಹಣವನ್ನು ಹೂಡುತ್ತೇವೆ. ಕೆಳಕ್ಕೆ ಬಂದಂತೆ ಮಾರುತ್ತೇವೆ ಎಂದು ಸಂಶೋಧನೆಯೆನ್ನು ನಡೆಸಿ ಹಣವನ್ನು ಹೂಡುತ್ತಿರುವ ಪ್ರಜ್ಞಾವಂತರಿಗೆ ವಾರ್ಷಿಕವಾಗಿ 30-40% ಲಾಭವನ್ನು ನಿರೀಕ್ಷಿಸಬಹುದಾಗಿದೆ. ಹಾಗೆ ಮಾಡಿರಬಹುದಾದ ಲಾಭ ಈ ವರ್ಷ ಹೇಗಿದೆ. ಮಾರುತಿ ಸುಜುಕಿ 65%, ಟೈಟನ್ 120%, ಮೇದಾಂತ 77%, ಎಚ್.ಡಿ.ಎಫ್.ಸಿ 46%, ಹಿಂದಾಲಕೋ: 47%, ಟಾಟಾ ಸ್ಟೀಲ್ 53% ಇತ್ಯಾದಿ.

SIPಯ ಚಮತ್ಕಾರ (Systematic Investment Plan)
(ವ್ಯವಸ್ಥಿತ ಹೂಡಿಕೆಯ ಯೋಜನೆ)

ಅಮರ್, ಅಕ್ಬರ್ ಮತ್ತು ಆಂತೋನಿ ಸಹಪಾಠಿಗಳು ಮತ್ತು ಸಮವಯಸ್ಕರು. ಅಮರ್ ತನ್ನ 25ನೇ ವಯಸ್ಸಿನಿಂದ ತಿಂಗಳಿಗೆ ರೂ. 887/-ನ್ನು ವಾರ್ಷಿಕವಾಗಿ 15% ಲಾಭ ಬರುತ್ತಿರುವ ಕಂಪನಿಯಲ್ಲಿ ಹೂಡುತ್ತಾ ಬಂದಾಗ 60 ವರ್ಷಕ್ಕೆ ನಿವೃತ್ತಿಗೆ ಅವರಲ್ಲಿ ಜಮಾ ಆದ ಮೊತ್ತ ಒಂದು ಕೋಟಿ. ಅಕ್ಬರ್‌ಗೆ 35 ವರ್ಷಕ್ಕೆ ಜ್ಞಾನೋದಯವಾಯಿತು. ಈಗ ಪ್ರಾರಂಭ ಮಾಡಿ ನಿವೃತ್ತಿಗೆ ಒಂದು ಕೋಟಿ ಬೇಕೆಂದಾದರೆ ಮಾಸಿಕವಾಗಿ ಹೂಡ ಬೇಕಾದ ಹಣ ರೂ. 3,400/-. ಆಂತೋನಿಗೆ 45ನೇ ವಯಸ್ಸಿನಲ್ಲಿ ಜ್ಞಾನೋದಯವಾದದ್ದರಿಂದ ತಿಂಗಳಿಗೆ ರೂ. 16,400ನ್ನು ಹೂಡಿಕೆ ಮಾಡ ಬೇಕಾಯಿತು. ಅದೇ 55ಕ್ಕೆ ಪ್ರಾರಂಭಿಸಿದರೆ ಮಾಸಿಕ ಕಂತು ಒಂದು ಲಕ್ಷವನ್ನೂ ಮೀರುತ್ತದೆ. ಆದ್ದರಿಂದ ಇಂದಿನಿಂದಲೇ SIP ಹೂಡಿಕೆಯನ್ನು ಪ್ರಾರಂಭಿಸಿ.
